

**PUBLIC WORKSHOP NOTICE**  
**I-75 Express Lanes (75 Express) PD&E Study Re-Evaluation Public Workshop**  
**From State Road 826 (SR-826)/Palmetto Expressway to North of N.W. 170<sup>th</sup> Street**  
**Financial Project Number: 420669-1-22-01**  
**Efficient Transportation Decision-Making Number: 6111**  
**County/State: Miami-Dade, Florida**

The Florida Department of Transportation (FDOT), District 6, will conduct a public workshop for the proposed improvements to I-75 (SR 93) in Miami-Dade County, Florida, Financial Project Number 420669-1-22-01. The workshop will be held on Wednesday, February 27, 2013, from 6:00 p.m. to 8:00 p.m., at Shula's Hotel and Golf Club, Grand Slam Ballroom, 6842 Main Street, Miami Lakes, Florida 33014. The proposed improvements involve the I-75 (SR 93) Express Lanes from the SR 826 / Gratiigny Parkway interchange to NW 170<sup>th</sup> Street and SR 826 (Palmetto Expressway) from NW 103<sup>rd</sup> Street to NW 154<sup>th</sup> Street, for a distance of approximately 9 miles.

This public workshop is being conducted to give interested persons an opportunity to express their views concerning the location, conceptual design, and social, economic, and environmental effects of the proposed improvements. The proposed roadway improvements consist of:

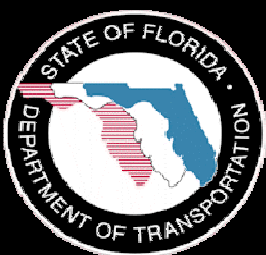

**I-75 – Between SR 826 and NW 170<sup>th</sup> Street**

- Add one tolled express lane in each direction in the center of the corridor (median).
- Provide a set of access points to enter and exit the express lanes system. Access points along I-75, within the re-evaluation limits, will be constructed at the following locations:
  - Northbound exit just south of NW 170<sup>th</sup> Street.
  - Southbound entrance just south of NW 170<sup>th</sup> Street.
  - Northbound exit just north of NW 154<sup>th</sup> Street
  - Southbound entrance just south of NW 154<sup>th</sup> Street
- The I-75 express lanes system will continue north of NW 170<sup>th</sup> Street beyond the Miami-Dade/Broward County Line. As part of the District Four I-75 express lanes project, the express lanes system north of NW 170<sup>th</sup> Street will have a seamless connection to the planned express lanes system that will continue to I-595 in Broward County.
- Maintain the existing number of general purpose lanes.
- Noise barrier walls parallel to I-75, within FDOT right away, and adjacent to some properties as identified by the environmental studies.
- Landscaping enhancements at several locations within the FDOT right of way.

**SR 826 – Between North of NW 103<sup>rd</sup> Street and South of NW 154<sup>th</sup> Street**

- Replace the proposed HOV lane, now operating as a general use lane, with a tolled express lane.
- Add one tolled express lane south of I-75 for a total of two express lanes in each direction in the center of the corridor (median). As part of the SR 826 North/South PD&E Study, the two express lanes south of NW 103<sup>rd</sup> Street will connect to the planned express lanes system that will continue to south of SR 836. As part of the SR 826 East/West PD&E Study, the single express lane north of NW 154<sup>th</sup> Street will connect to the planned express lanes system that will continue to the Golden Glades Interchange.
- I-75/SR 826 Interchange – Two proposed SR 826 express lanes in the northbound direction, one express lane transitions westward becoming the I-75 westbound/northbound express lanes and the second express lane continues north on SR 826. In the southbound direction, one express lane will come from SR 826 north of the Interchange and the second one from the I-75 eastbound/southbound express lane system becoming two southbound express lanes along SR 826.
- SR 826/NW 103<sup>rd</sup> Street – Reconstruct the southbound off-ramp from one to two lanes.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. Persons who require special accommodations under the Americans with Disabilities Act or persons who require translations services (free of charge) should contact Mr. Nicholas Danu, P.E., at 305-470-5219 or in writing at 1000 NW 111<sup>th</sup> Ave., Room 6111-A, Miami, FL 33172 or by e-mail at [nicholas.danu@dot.state.fl.us](mailto:nicholas.danu@dot.state.fl.us) at least seven days prior to the meeting.

**Public Workshop Notice**

**Date:** Wednesday, February 27, 2013
